

Level	Current Awareness Status	You're LOST!	You're LATE!	You're WRONG!	Intervention
8	Considers future plans Insight into diagnosis	Will use GPS next time	Will have to mark on my calendar next time	Have had trouble taking good notes	Uses sleep journal Use mood tracker
7	Rational verbal responses Comes up w alternatives	Guess should have planned before I left	Next time I will set alarm so I get up earlier	Thanks for letting me know will do better next time	Teach verbal strategies Group feedback
6	Reasoning develops Identifies multiple deficits Receptive to criticism	Must've taken a wrong turn somewhere	My phone died and I couldn't find a clock	Took a lot longer to get finished than I thought	Discuss alternatives Teach to read social cues Awareness questionnaires
5	Recognizes memory deficit Denial Conscious self awareness	Someone gave me wrong directions	You didn't give me enough time to finish	Whats the difference? This sucks!	Validate feelings Video feedback Set limits on discussion
4	Recognizes physical and sensory deficits only Retains new memories	Which way should I go?	When was I supposed to get here?	What did I do wrong?	Re-direct Provide alternative tasks Avoid arguing
3	Oriented Unsettled demeanor	Where was I supposed to go?	What time is it?	This is too hard!	Reinforce orientation Re-assure
2	Cause effect responses Visceral responses to change Emotional outbursts	Cant find it!	Didn't hear bell!	I'm tired!	Provide rest breaks Praise/encourage Use errorless learning
1	Physical instability Sensory disturbances	Propels wrong direction	Ignores prompt	Continues task or exercise	Hand over hand Provide stability
